

The 1st BioStruct-X Mediterranean Macromolecular Crystallography Workshop

January 4-6, 2016

SPEAKERS:

Tom Terwilliger, *USA*

Randy Read, *UK*

Zbigniew Dauter, *USA*

Karine Sparta, *Germany*

Opening January 4, 2016
at 9:30 am

Technion Faculty of Biotechnology
& Food Engineering, Whizin Lecture Hall

The Technion Center for Structural Biology
invites students and researchers to a series of
lectures on modern methods in macromolecular
crystal structure determination.

TOPICS WILL INCLUDE:

- > Native and anomalous X-ray diffraction data collection and analysis.
- > Experimental Phasing (SAD, MAD and MR)
- > Refinement and structure analysis
